180° HD Camera with Enhanced Zoom and Two-Way Audio

Equipped with speakers, a microphone, and advanced video and audio features, the ADC-V622 is a wide-angle camera with a full 180° field of view. A 6 MP image sensor and digital pan, tilt, and enhanced zoom capabilities give users true high definition video even when viewing zoomed-in live feeds. With a clean, modern design, the camera also features a call-out button. One tap initiates a Two-Way Audio call with other users on the account via the Alarm.com app. The ADC-V622 uses echo cancellation to block unwanted noise for a seamless conversation experience. With Bluetooth-enabled speakers, customers can also use the camera to stream music from any mobile device.
